

INTRODUCING

simply deposit™

Your Remote Deposit Solution

Brought
to you by

The simplest, fastest way to deposit checks.

SIMPLY POWERFUL.

THE BEST SOLUTION FOR DEPOSITING CHECKS REMOTELY

It's no secret that depositing checks right from your desktop is the hottest banking service since the ATM. With Simply Deposit™ — RDM's web-based remote deposit capture system specifically designed to meet your needs — you'll save money, save time, and have access to your money a lot sooner. It's quite simply the most comprehensive system available on the market.

CONVENIENT

Enjoy faster availability of your funds, later deposit cutoff times, and eliminate trips to the bank.

MONEY-SAVING

Less time spent + less travel = more money

EASY TO USE

Little or no training is needed to use the intuitive Simply Deposit™ web software and seamlessly integrated scanner. In fact, deposits can be made in less than five minutes.

EFFICIENT

Get detailed reports, track deposit history, access images of checks. In short, get all the information you wish you got from your local bank.

SIMPLY INNOVATIVE.

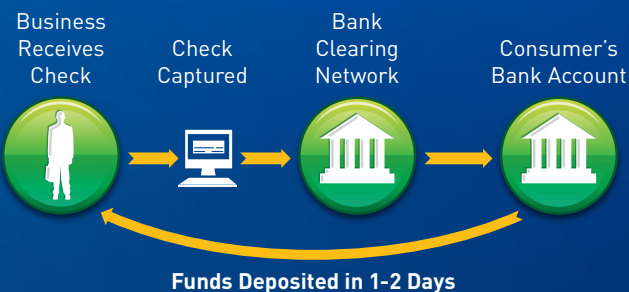

THE TRADITIONAL WAY

Clearing a check can take **5-7 days** by traditional means.

THE SIMPLY DEPOSIT™ WAY

Clears funds in **1-2 days**, electronically.

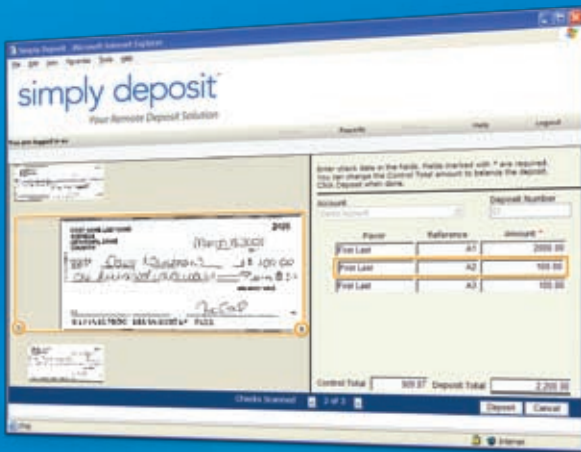

OTHER FEATURES OF SIMPLY DEPOSIT

- ✓ Ability to add data to each scanned check
- ✓ Automatically fills in the dollar amount, reducing keystrokes and data entry errors
- ✓ Alerts you if a duplicate check is scanned, check image quality is below standard, or MICR needs correction

CHOOSE A TRUSTED PROVIDER

A leader in Remote Deposit Capture solutions, RDM — a publicly-owned company — has been established for over 20 years and provides products and services to the US Treasury Department as well as top financial institutions in the US.
